

SISTERS OF THE GOOD SHEPHERD

Because We Care

Our large, family-style house in the Southern Suburbs offers a haven of refuge for up to twenty-eight people – abused women and their children, pregnant single women, and teenage mothers-to-be. We offer accommodation, three meals a day, clothing and toiletries, skills training including computer literacy classes, counselling and lots of love, acceptance, compassion and hope.

Donations from the community assist us to empower the women through skills training, to support them by means of a fulltime crèche for their children, and to help them find employment, legal aid and comprehensive medical care.

This is Nikita, who lived at our shelter with her mommy for a while. You can help us help children like Nikita by donating to Sisters Incorporated now.
